Brake fluid changed

Technical inspection

2024-01 |  Lithuania | 48 162 km

Technical inspection is valid until: 2026-01
Technical inspection type - periodic inspection:
Without faults.

Mileage

Data on the fixed mileage and its changes was collected from various sources

Autoistorija.lt insight:

Our data is sourced from various official data sources, but we still recommend performing a professional car inspection with specialists.

Traffic accidents/damages

Data collected from various sources on fixed traffic incidents/damages

Great! We did not find any official records of damage or traffic accidents in this report.

This is often a good sign, indicating that the vehicle may not have been involved in accidents or serious incidents and was used responsibly.

However, it is important to note that not all events are always recorded in official databases. Some incidents may be unrecorded or unavailable in our information sources. The data is provided based on third-party information, so its absence in the report does not guarantee that no incidents occurred.

Therefore, as with any used car, we recommend additionally assessing the condition of the vehicle, speaking with the seller, or consulting with a specialist.

O₂ emission

How much CO₂ emissions do vehicles of this model / year emit?

Autoistorija.lt insight:

Each vehicle is assigned a CO₂ emission class (from "A" to "G") based on the amount of emissions it produces.

Pollution tax 
0 €

CO₂ emission g/km
38 g/km

CO₂ emission class
A

Fuel type
Petrol + Electric

CO₂ emission (g/km)

0 - 120 **A**

120 - 140 **B**

140 - 155 **C**

155 - 170 **D**

170 - 190 **E**

190 - 225 **F**

225 + **G**

Theft check

Information from police and other databases about whether the car is wanted.

No records were found indicating that the vehicle has been stolen.

Searches for potential vehicle thefts were conducted in the databases of the following countries:

 Lithuania

 Slovenia

 Slovakia

 Czech Republic

 Hungary

 Italy

 Romania

 Germany
